

Environmental Policy

CQG Consulting¹ is a regionally based professional consulting firm offering environmental, engineering and town planning services to local, national and international clients.

This Environmental Policy is a statement of ongoing commitment by CQG Consulting to maintain our environmental management practices that have been certified against the ISO 14001 standard for environmental management systems.

CQG Consulting is committed to:

- At a minimum, complying with all applicable legislation, regulations relating to environmental management;
- Actively promoting and encouraging the adoption of ecologically sustainable work practices and operations internally, to clients and within the networks in which we operate;
- Reducing direct environmental impacts through the efficient use of limited resources (water, electricity, fuel and paper) and preventing the pollution of the environment as a result of our work practices and operations;
- Pro-actively maintaining our goal of zero environmental incidents;
- Allocating appropriate resources to implement the environmental system; and
- Continually improving performance and realising opportunities for environmentally positive contributions.

The active and effective involvement of our management, staff, sub-consultants and suppliers in achieving our environmental objectives is sought and encouraged.
