Patrice Brown  
Director  
CQ Consulting Group  
Level 1, 21 East Street  
ROCKHAMPTON QLD 4700

Dear Patrice,

**Re: Great Keppel Island – Testimonial for CQ Consulting Group**

---

It is with great pleasure that I write to you to express our complete satisfaction and appreciation of CQ Consulting Group's assistance in the Great Keppel Island project.

As you know, the Great Keppel Island project is one of the largest tourism resorts ever proposed in Australia and it is located in the Great Barrier Reef World Heritage Area. Consequently, it involves significant environmental consideration and is required to be processed through a complex regulatory approvals system involving local, state and federal governments whilst being closely scrutinized by the local community. Over the last 12 months, CQ Consulting Group has played a key role in assisting with the management of this process.

I can summarise why we are very satisfied with your services to date in the following points:

1. you are always available to discuss any aspects of the job;
2. you always respond to any queries promptly;
3. the advice that you have provided to ourselves and the rest of the team has been excellent;
4. the quality of your output has been first class;
5. you have very good business/government connections on a local, state and national level;
6. you are very well respected in the community, business and government circles; &
7. you are very genuinely interested in the job at hand and it is clear that you are extremely passionate about what you do and that it is much more than just a job. As a result, you are very much an integral part of the team. Furthermore, you are a very decent person and it is a pleasure to work with you.

We would have no hesitation at all in recommending you for any similar roles and would strongly support you for the Ergon Business Awards.

Thanks again and good luck.

Yours Sincerely,  
TOWER HOLDINGS PTY LTD

**Anthony Aiossa**  
Development Manager
