

Environmental Policy

CQG Consulting¹ is a regionally based professional consulting firm delivering environmental, engineering and town planning services to local, national and international clients. We acknowledge the traditional custodians of the lands and waters where we work and live and pay our respects to their Elders past, present and emerging.

This Environmental Policy is a statement of ongoing commitment by CQG Consulting to maintain our environmental management practices that have been certified against the ISO 14001 standard for environmental management systems.

CQG Consulting is committed to:

- Adopting the principals of the global sustainable development goals and ESG in our decision making, advice and everyday operations;
- Preventing pollution of the environment as a result of our work practices and operations;
- Being mindful of maintaining a sustainable planet for the future, by reducing carbon emissions within our scope of influence;
- Complying with all applicable legislation, regulations relating to environmental management;
- Pro-actively maintaining our goal of zero environmental incidents;
- Allocating appropriate resources to implement the environmental management system; and
- Continually improving performance and realising opportunities for environmentally positive contributions.

The active and effective involvement of our management, staff, sub-consultants and suppliers in achieving our environmental objectives is sought and encouraged.
