TO WHOM IT MAY CONCERN

Our company is in the process of developing a townhouse complex in Gladstone.

We have engaged C Q Consulting Group to prepare and lodge our Development Application for the project.

From the first contact we had with C Q Consulting Group we found the company to be very thorough and professional. Their staff are very approachable, courteous and helpful and we have been very impressed with their service.

We have no hesitation in recommending them as a worthy entrant in 2011 Ergon Energy Regional Tourism and Business Excellence Awards.

Yours sincerely,

LAWRENCE REECE
Director
